***Notes: A primary ground rule for this particular meeting is that everyone refrain from asking questions about the ASCAP and Human Factors briefings until the Q & A sessions. The purpose for this request is to ensure better understanding by preserving an uninterrupted succession for the presenters.***

***The agenda is only an estimation of the time it will take to accomplish the various briefings and Q & A sessions. Times will be adjusted as necessary to ensure participants have ample opportunity to have all questions answered.***

***The Risk Assessment Roundtable referenced in the March 2001 minutes and agenda will be postponed until the Fall 2001 meeting.***
